It's a great way to get involved as parents or even high-school-aged Allen alums (looks great on college applications). The commitment is running an hour-long practice for 4-12 students once a week at a time of your choice (after school or evening) for roughly 10 weeks from late February through early May. To learn about Science Olympiad see <https://wesoscience.org/> There's a page there describing the events and the county-wide competition at the end of the season (**May 11 at Pioneer**). Students 2nd-5th grade participate. If interested or if you have any questions please contact Anthony Gugino ([agugi@yahoo.com](mailto:agugi@yahoo.com)) and Michele Clay ([micheleandnigel@yahoo.com](mailto:micheleandnigel@yahoo.com)).
